

LEGACY HORSE PROGRAM

Guided Equine Nutrition Programs by Dr. Rachel Mottet

DURATION

This program begins after an intake form and pictures are received by Dr. Mottet. The program is completed when we achieve our set goal for your horse. Results often take 90 days although the program is not limited to this timeframe.

COMMITMENTS

Dr. Mottet's commitments to you and your horse:

- Creation of a **balanced, personalized, health-promoting** equine nutrition program
- Formulation of a **goal** that targets **optimal body condition, peak muscle mass, attainment of performance objectives**, and the health and happiness of your horse!

LEGACY EQUINE
NUTRITION

COMMUNICATION

Set communication is facilitated by Legacy Equine Nutrition throughout the duration of the program. During month one, communication occurs weekly. Throughout the remainder of the program, communication is bi-weekly and as needed.
